

## Fast Yellow GW

### General Properties:

Color Index::	PY1
C.I. No.:	11680
CAS No.:	2512-29-01
Chemical Group:	Aryl amide

### Introduction:

Fast Yellow GW is an aryl amide yellow pigment with good strength and low absorption.

### Physical Properties:

Moisture %:	$\leq 2.0$
PH Value:	6.0~7.0
Conductivity uS/cm, :	$\leq 500$
Oil Absorption ml/100g:	$\leq 45$

### Fastness Properties(powder):

Light Fastness:	6
Water Resistance:	5
Oil Resistance:	5
Acid Resistance:	5
Alkali Resistance:	5
Heat Resistance:	160°C

### Applications:

Recommended for Water-based Paints, Water-based Inks.  
Suggested for Industrial paints and Powder Coating.
