

Permanent Yellow RN

General Properties:

Color Index::	PY65
C.I. No.:	11740
CAS No.:	6528-34-3
Chemical Group:	Aryl amide

Introduction:

Permanent Yellow RN is a reddish shade yellow with high strength and specialized for Industrial Paints and Road Marking Paints.

Physical Properties:

Moisture %:	≤ 2.0
PH Value:	6.0~8.0
Conductivity uS/cm, :	≤ 500
Oil Absorption ml/100g:	≤ 45

Fastness Properties(powder):

Light Fastness:	5
Water Resistance:	5
Oil Resistance:	5
Acid Resistance:	5
Alkali Resistance:	5
Heat Resistance:	150°C

Applications:

Recommended for Industrial Paints, Road Marking Paints and Powder Coating.
Suggested for Water-based Paints.
